## **Kirsten Ueckmann is the new chairwoman of the LR Global Kids Fund e.V.**

General assembly votes for women power

Ahlen, 26 October 2022 – Kirsten Ueckmann is the new chairwoman of the LR Global Kids Fund e. V. (LRGKF). This was decided by the general assembly of the Ahlen-based children's charity on 22 September 2022. The 56-year-old has been an integral part of the LRGKF board team for over ten years and is succeeding Andreas Friesch.

Being elected chairwoman is an important step for Kirsten Ueckmann. Ueckmann, who originally hails from Gütersloh, is thrilled about her new job: "Children are our future! However, many are denied a good education, thereby missing out on a promising future. Our help is indispensable, particularly in these challenging times. Making the world of so many disadvantaged children a little bit better every day is very important to me and the entire LRGKF team."

Kirsten Ueckmann will be supported in her new role by Almut Kellermeyer, who will continue to serve as deputy chairwoman for the next two years. This means that, for the first time in the history of the charity, two women are at the helm of the LRGKF. We are really pleased about this, stresses Almut Kellermeyer: "As two strong-minded women, we will continue to do everything we can to support disadvantaged children and youths, including through a wide range of educational offers and with the help of effective personal development measures."

Many children and youths around the world are growing up in precarious circumstances. They are affected by poverty or wars. Their families are often unable to provide them with access to education and development measures. That's why support from charitable organisations is so vital for these children and youngsters. As a sponsor of global children's aid projects, the LRGKF invested around 520,000 euros in 17 projects in 2021 alone. Funds went, for example, to the "RTL Kinderhaus Lunch Club" in Germany, the "SOS Children's Village Brovary" in Ukraine and the "Family House" in Bulgaria.
